

Verizon Blackberry 8130 Manual

In its early years, the BlackBerry proved to be a major advantage over the (typically) one-way communication of conventional pagers and it also removed the... 145a4de30a
 BlackBerry The first BlackBerry was a pager-like device launched in 1999 in North America, running on the Mobitex network (later also DataTAC) and became very popular because of its "always on" state and ability to send and receive email messages wirelessly. The BlackBerry pioneered push notifications and popularized the practice of "thumb typing" using its QWERTY keyboard, something that would become a trademark feature of the line.
