Next in order of arrangement is the procedures section. In the procedures section, the order of presentation starts with the front axle system and steering and proceeds toward the rear axle. This individual Shop Manual is one unit of a series on agricultural wheel type tractors. The material is arranged in a systematic order beginning with an index which is followed immediately by a Table of Condensed Service Specifications. Contained in it are the necessary specifications and the brief but terse procedural data needed by a mechanic

when repairing a tractor on which he has had no previous actual experience. These specifications include dimensions, fits, clearances and timing instructions. Interspersed where needed in this section are additional tabular specifications pertaining to wear limits, torquing. The last portion of the procedures section is devoted to the power take-off and power lift systems. etc 859b935a87
