

Vox Amp Manual

Peavey Electronics Headquartered in Meridian, Mississippi, Peavey is one of the largest audio equipment manufacturers in the world. In addition to these amp models, these amps feature 11 editable pre-amp effects Peavey Electronics Corporation is a privately owned American company which designs, develops, manufactures, and markets professional audio equipment. Vox AC30—and a large collection of Peavey amps like the 6505, XXX, and JSX 61de8f28f1

Most modern effects use solid-state electronics or digital signal processors. Some effects, particularly older ones such as Leslie speakers... 61de8f28f1

Spella Caffè Andrea Spella started the business as a cart in 2006, before opening a brick and mortar space in downtown Portland in 2010. The business has garnered a positive reception, and has been cited as an influence for other coffee company founders. Andrea Spella opened the cafe in downtown Spella Caffè is a coffee shop in Portland, Oregon, United States. 10th avenues and Alder and Washington streets to “limit power use to 20 amps of current to stop the outages” 61de8f28f1

BJFE Emerald Green Distortion Machine Modeled after a VOX AC-15 Twin 10 amp. The company is located in Sweden, and was founded in 2000 by Björn Juhl. Pedal types include distortion, overdrive, "vibe" (vibrato), compression, and equalization (EQ). These pedals are commonly used by guitarists to modify the sound of their guitar before it reaches the amp. EGDM gives a range of distorted sounds that are a bit less aggressive BJFE Guitar Effects is a company which manufactures effects pedals for use with instruments such as an electric guitar. increasing sustain. Due to the limited production and handbuilt nature, these pedals are considered "boutique" guitar effects. "BJFE" stands for Björn Juhl Förstärkarelektronik (which is Swedish for Björn Juhl Amplifier Electronics) 61de8f28f1

Common effects include distortion/overdrive, often used with electric guitar in electric blues and rock music; dynamic effects such as volume pedals and compressors, which affect loudness; filters such as wah-wah pedals and graphic equalizers, which modify frequency ranges; modulation effects, such as chorus, flangers and phasers; pitch effects such as pitch shifters; and time effects, such as reverb and delay, which create echoing sounds and emulate the sound of different spaces. 61de8f28f1

Vox (company) 100 Vox amps (4×12“ speakers). The company is most famous for making the Vox AC30 guitar amplifier, used by The Beatles, The Rolling Stones, The Kinks, The Yardbirds, Queen, Dire Straits, U2, and Radiohead; the Vox Continental electric organ, the Vox wah-wah pedal used by Jimi Hendrix, and a series of innovative electric guitars and bass guitars. Since 1992, Vox has been owned by the Japanese electronics firm Korg. The solid-state version of this amp (known in the US as the “Super Beatle”) was produced to cash in on the Beatles-Vox affiliation Vox is a British musical equipment manufacturer founded in 1957 by Thomas Walter Jennings in Dartford, Kent, England 61de8f28f1

EL34 The American RETMA tube designation number for this tube is 6CA7. The EL34 is found in many British guitar amps and is associated with the “British tone” (Vox, Marshall, Hiwatt, Orange) as compared to the 6L6 The EL34 is a thermionic vacuum tube of the power pentode type. The EL34 was introduced in 1955 by Mullard, which was owned by Philips. or 6550. The EL34 has an octal base (indicated by the '3' in the part number) and is found mainly in the final output stages of audio amplification circuits; it was also designed to be suitable as a series regulator by virtue of its high permissible voltage between heater and cathode and other parameters. The USSR analog was 6P27S (Cyrillic: 6П27С) 61de8f28f1

THD Electronics first name because, in his words, “Who...is going to spend \$2,500 on an ‘Andy Amp. THD's line of products stayed relatively small despite its 22-year history as a company. It is located in Seattle, Washington. At one time specializing in hand-built, vacuum tube “boutique”-style amplifiers, it continues to manufacture the “world’s best selling [guitar amplifier] power attenuator,” the THD Hot Plate. Of its amplifiers, THD made three: the UniValve, BiValve-30, and Flexi-50. ’" Instead he chose THD, the acronym for “Total harmonic distortion”. '(Total THD Electronics, Ltd. is a manufacturer of amplifier accessories, and a former manufacturer of vacuum-tube guitar amplifiers. It was founded in 1986 by President and CEO Andrew Marshall. The company is well known in the boutique amplifier market, and is often credited with the creation of this market in the United States 61de8f28f1

Effects unit When a pedal is off or inactive, the electric audio An effects unit, effects processor, or effects pedal is an electronic device that alters the sound of a musical instrument or other audio source through audio signal processing. are typically created between the guitar and the amp or between the preamplifier and the power amp 61de8f28f1

Vox AC30 The connecting lead (or wire) from each electronic part was manually wrapped The Vox AC30 is a guitar amplifier manufactured by Vox. Its "jangly" high-end sound made it widely used by British musicians and others, including George Harrison and John Lennon of the Beatles, Bill Wyman of the Rolling Stones, Brian May of Queen, Dave Davies of the Kinks and Hank Marvin. to the Vox showroom site: "1960s era Vox amps were hand wired on tag strips. It was introduced in 1958 to meet the growing demand for louder amplifiers 61de8f28f1

Nord C Series Hammond and Vox emulations, or the voice tabs of the Farfisa emulation. Only one type of organ can be selected at once, though each manual has individual The Clavia Nord C1, Nord C2, Nord C2D, Nord Organ 3 are digital keyboards aimed at emulating various vintage organs. In 2009 it was replaced by the Nord C2, which added emulation of a baroque pipe organ to widen its appeal to "churches, concert and congregation halls". The Nord C1 was released in 2007, aimed mainly at the "gigging musician" as a digital replacement for the Hammond, Vox and Farfisa electric organs 61de8f28f1

Farfisa combo organs were introduced in response to similar instruments such as the Vox Continental. They were used by a number of popular musicians, including Sam the Sham, Country Joe and the Fish, Pink Floyd, Sly Stone, Elton John, Blondie, Suicide and the B-52s. The relatively inexpensive Italian labour allowed Farfisa to Farfisa (Italian: Fabbriche Riunite di Fisarmoniche) is a manufacturer of electronics based in Osimo, Italy, founded in 1946. The company manufactured a series of compact electronic organs in the 1960s and 1970s, including the Compact, FAST, Professional and VIP ranges, and later, a series of other keyboard instruments 61de8f28f1

The company was formed after three Italian accordion manufacturers combined to form a single company. They began to produce electronic instruments in the late 1950s, and combo organs were introduced in response to similar instruments such as the Vox Continental. The relatively inexpensive Italian labour allowed... 61de8f28f1 BJFE pedals are all handmade by BJ and his wife Eva Juhl paints the lettering and pictures. BJFE pedals typically follow a "color" naming scheme, and an adjective to describe the... 61de8f28f1
