

9th Edition Manual

The book was first published in 1951 as the Reference Manual for Stenographers and Typists by Ruth E. Gavin of the Gregg Publishing Company. The manual was published subsequent to Bergey's Manual of Determinative Bacteriology, though the latter is still published as a guide for identifying unknown bacteria. First published in 1923 by David Hendricks Bergey, it is used to classify bacteria based on their structural and functional attributes by arranging them into specific familial orders. However, this process has become more empirical in recent years.
