The song became known in the lostwave community, a social media subculture based around obscure songs, as "Everyone Knows That" (EKT); its authorship and title were not known to the online community. As filmmakers, the

brothers have made several documentaries on ghosts, haunted locations, and exorcisms. The community originally only had a 17-second clip of the song, which was originally posted by user carl92 on the French song identification website WatZatSong. Together they directed several horror movies in the 2000s, with some notable actors, such as Matthew McGrory. The song was the subject of a search from 2021 to 2024 for the identification of its title and original artist, which was then found in the 1986 pornographic film Angels of Passion 42dafa8392
