The vote authorizing the inquiry was viewed as giving Republicans an opportunity to register their disdain for Johnson without formally impeaching him. Most congressmen had expected that the sentiments in House Committee on the Judiciary would side against impeachment. However, surprising many, the committee voted 5–4 on November 25, 1867, to recommend impeachment (after having held a preliminary vote against it months prior). Despite this recommendation, the House voted 57–108 on December 7, 1867, against... a939bbb958

Buddhism and science Similarly, the issue of what "science" refers to remains a subject of debate, and there is no single view on this issue. Not all Buddhist modernists The relationship between Buddhism and science is a subject of contemporary discussion and debate among Buddhists, scientists, and scholars of Buddhism. sought to carve out a space for Buddhism as a "philosophy of life" (???, renshengguan) which they saw as a separate field of inquiry. Historically, Buddhism encompasses many types of beliefs, traditions and practices, so it is difficult to assert any single "Buddhism" in relation to science. Those who compare science with Buddhism may use "science" to refer to "a method of sober and rational investigation" or may refer to specific scientific theories, methods or technologies a939bbb958

Meaning of life ", "What is the purpose of existence. Different people and cultures believe different things for the answer to this. ", and "Why are we here. ". The search for life's meaning has produced much philosophical, scientific, theological, and metaphysical speculation throughout history. Scientific inquiry facilitates this through nomological investigation into various aspects of life and reality, such as the Big Bang, the origin of life, and The meaning of life is the concept of an individual's life, or existence in general, having an inherent significance or a philosophical point. There is no consensus on

the specifics of such a concept or whether the concept itself even exists in any objective sense. There have been many proposed answers to these questions from many different cultural and ideological backgrounds. Thinking and discourse on the topic is sought in the English language through questions such as—but not limited to—"What is the meaning of life a939bbb958
