Freeview (Australia) Freeview include its free-to-air channels with an enhanced EPG (electronic program guide) across all channels. Freeview also certifies televisions, set-top boxes and personal video recorders (PVR) which meet its standards. Freeview also certifies televisions, set-top Freeview is the brand name of the digital terrestrial television platform in Australia intended to bring all of free-to-air (FTA) broadcasters onto a consistent marketing platform, to compete against subscription television, in particular Foxtel. Important services from Freeview include its free-to-air channels with an enhanced EPG (electronic program guide) across all channels. The strategy coincided with the expansion to 3 digital channels for each FTA network and the phasing out of analogue television in Australia

It consists of a digital terrestrial television service to around 86% of the population in the major urban and provincial centres of New Zealand, and a satellite television service, covering the whole of mainland New Zealand and the major offshore islands. Both services are HD-capable as of 2025. Freeview uses the DVB-S2 and DVB-T standards on government-provided spectrum. Delivery of standard-definition television and radio is labelled Freeview, while delivery of HDTV is called Freeview HD. Reception of Freeview requires a DVB-T/DVB-T2 tuner, either in a separate set-top box or built into the TV set. Since 2008...

Legend (TV channel) The Legend, formerly Zone Horror and Horror Channel, is a British free-to-air television channel specialising in sci-fi, fantasy, thriller, action and cult series. The channel is known for its horror movies during the evenings and early hours with its schedule featuring in the Films section of the Radio Times rather than with the General Entertainment channels. Horror Channel was available as a free-to-air service on Astra 2F and, since Friday the 13th of March 2015, on Freeview channel 70. It is broadcast in the UK and Ireland. Entertainment channels
