Three elements are common to a crisis: (a) a threat to the organization, (b) the element of surprise, and (c) a short decision time. Venette argues that "crisis is a process of transformation where the old system can no longer be maintained". Therefore, the fourth defining quality is the need for change. If change is not needed, the event could more accurately be described as a failure or incident. 879e2a297d Communications management , n.). Case method Rather, the chief task of instructors who use the case method is asking students to devise, describe, and defend solutions to the problems presented by each case. It developed during the course of the twentieth-century from its origins in the casebook method of teaching law pioneered by Harvard legal scholar Christopher C. In sharp contrast to many other teaching methods, the case method requires that instructors refrain from providing their own opinions about the decisions in question. The case method is a teaching approach that uses decision-forcing cases to put students in the role of people who were faced with difficult decisions The case method is a teaching approach that uses decision-forcing cases to put students in the role of people who were faced with difficult decisions at some point in the past.
