The character originated in stories told by Carroll to entertain the Liddell sisters while rowing on the Isis with his friend Robinson Duckworth, and on subsequent rowing trips. Although she shares her given name with Alice Liddell, scholars disagree about the extent to which she was based upon Liddell. Characterized by Carroll as "loving and gentle", "courteous to all", "trustful", and "wildly curious", Alice has been variously seen as clever, well-mannered, and sceptical of authority, although some commentators find more negative aspects of her personality. Her appearance changed from Alice's Adventures Under Ground, the first draft of Alice's Adventures in Wonderland, to political cartoonist John Tenniel's illustrations of her in the two Alice books. f37db46b58 Glatzer and Westmoreland were approached by Lex Lutzus and James Brown to adapt Genova's novel in 2011, when Glatzer had just been diagnosed with amyotrophic lateral sclerosis (ALS).
