This ISBN is for the standalone Revel access card. NOTE: Revel is a fully digital delivery of Pearson content. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use Revel. This collaboration offers a unique approach that draws on the contemporary research and collective wisdom of a large, successful sociology department to reveal how individuals' lives and social problems are shaped by the diverse contexts in which we live and act. Each chapter is authored by one or more faculty members from the NYU Sociology Department who write and teach in a specific subfield. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. This inspires the sociological imagination and instills in each reader a determination to question the world around us. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice, and study in one continuous experience -- for less than the cost of a traditional textbook. Rather than simply giving answers, the authors identify the kinds of questions that sociological researchers ask and introduce students to ways of thinking about how to answer those questions. Revel is Pearson's newest way of delivering our respected content. For courses in Social Problems An inquiry-based approach to Social Problems that sparks the sociological imagination Organized around the big questions surrounding contemporary social problems, Revel(TM) Social Problems: The Sociology Project shows students how to analyze the world's most pressing social problems, inspiring them to consider the causes and consequences of these problems and to search for possible solutions c9488f0e9e
