The Infinite Monkey Cage What do our panel wish they'd been taught at school, and what is the key The Infinite Monkey Cage is a BBC Radio 4 comedy and popular science series. just innately bad at maths or can everyone get to grips with algebra and calculus. Hosted by physicist Brian Cox and comedian Robin Ince, The Independent described it as a "witty and irreverent look at the world according to science". Since 2013 the show has been accompanied by a podcast, published immediately after the initial radio broadcast, which features extended versions of most episodes. The name is a reference to the infinite monkey theorem. The programme won a Gold Award in the Best Speech Programme category at the 2011 Sony Radio Awards, and it won the best Radio Talk Show at the 2015 Rose d'Or awards 56eb5e75e2

Psychology Germany, Gottfried Wilhelm Leibniz (1646–1716) applied his principles of calculus to the mind, arguing that mental activity took place on an indivisible Psychology is the scientific study of mind and behavior. As social scientists, psychologists aim to understand the behavior of individuals and groups. Biological psychologists seek an understanding of the emergent properties of brains, linking the discipline to neuroscience. Its subject matter includes the behavior of humans and nonhumans, both conscious and unconscious phenomena, and mental processes such as thoughts, feelings, and motives. Psychology is an academic discipline of immense scope, crossing the boundaries between the natural and social sciences 56eb5e75e2
