Specific guidance is provided to save your money from fraud. This book serves as a consultant to entrepreneurs who are thinking to start export import business. Book is divided into three parts for easy reference. This book covers all general, legal and

specific rules & regulations applicable to export & import in India. Explains practical procedure to establish and operate business. This book will help exporters, importers, Custom House Agents, students who want to know about export & import. The book is written in very simple and lucid language so that even a layman can understand easily about export & import. As the world becomes more and more technologically advanced, international trade becomes more and more rewarding. Special features include: Written in Simple language to understand easily Covers from business idea to establish successful export import house. International trade exists because one country has a supply of some commodity or merchandise that is in demand by another country. In recent times, we have seen a major growth in the export and import of goods in India. It describes procedure from business idea to establish and operate an export import house. International trade is one of the favourite industries today. Where first part covers export, second part covers import and last part covers rules & regulations governing export import. At the end of book, a summary is provided to understand quickly. Covers all aspects of custom procedure and selection of product & supplier. Seeing this change,

more and more entrepreneurs or startups are venturing into this area to reap the opportunities. Practical Guide on How to Start Export-Import Business covers everything about starting export or import business. Book focuses more on practical aspects rather than just theory knowledge. It will also serve as checklist while doing actual business
8370a2863c

Divided into eight parts, the text discusses the export-import environment, the procedures for obtaining finance by the exporter, convertibility of rupee, liberalization and its impact, the foreign exchange market, export-import procedures and documentation. Finally, the book also dwells upon the essentials of imports and logistics management including distribution channels and international marketing. Besides, the book would prove to be useful as a handy reference for exporters, importers, managers and entrepreneurs. With the globalization, international trade procedures and documentation have undergone remarkable changes over the last decade or so. This, coupled with the thrust given to the liberalization process by the Government, has brought to fore the importance of export

procedures and documentation and international logistics management. This process of change got accelerated after the enactment of the Foreign Exchange Management Act, 1999. This comprehensive and revised book includes a new chapter on Foreign Exchange Risk Management and elaborates the procedures for availing different export incentives. This textbook, now in its Second Edition, continues to provide an easy and accessible introduction to the import-export and logistics management. This book, dealing with the principles and practice of the management of exports, imports and logistics, should be of a great benefit to the postgraduate students of business management (MBA), and inter-national business management (MIB) 8370a2863c
