This co-produced book brings together newly commissioned essays together with pivotal earlier articles that have defined the field so far. The northern soul scene is a dance-based music culture that originated in the English North and Midlands in the early 1970s. Representations of the scene from different media, and different historical locations, are juxtaposed to construct a rich and diverse statement about the music, people, places and practices that constitute the northern soul scene in the UK and beyond. This anthology is the first to provide a wide variety of perspectives on the history and contemporary nature of the scene, and creates a forum for vibrant dialogue and debate amongst academic researchers, students and those immersed in the scene. It still thrives today with a mix of sixty-year-olds and several generations of new converts, and its celebration of 1960s soul has an international following. These chapters are interspersed with key journalistic articles, evocative photographs, and interviews with the directors of northern soul-themed films 7c2b0ecd01

\'' Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Geppetto. Pinocchio, The Tale of a Puppet follows the adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy. It includes 40 illustrations. And thus begins the life of Pinocchio, the puppet that turns into a boy. But this is not the story we've seen in film but the original version full of harrowing adventures faced by Pinnocchio. As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, \''Don't strike me too hard. It is considered a classic of children's literature and has spawned many derivative works of art. Pinocchio, The Tale of a Puppet is a novel for children by Carlo Collodi is about the mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto 7c2b0ecd01

The aim is to improve the reader's ability to navigate both everyday and science-based interactions. It is designed to make clear the basic topics of classical and modern logic. This book introduces the basic inferential patterns of formal logic as they are embedded in everyday life, information technology, and science 7c2b0ecd01

Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. It also analyzes the intra-management conflict incurred when corporate top managers attempted to disguise their downsizing strategies and refused to acknowledge their own role in creating the bank’s economic crisis. Managing in the Corporate Interest assesses this landscape by examining a large diversified bank that restructured its organizational and personnel policies to meet a new era of corporate competition. Drawing on interviews with managers and personnel management employees, observation of management training seminars, and documentary sources, this book examines the unique mission handed to middle managers to scale back paternalistic employment policies. In the long run, such strategies also undermine consent to the current and very necessary transformation of the way American firms do business. The institutional and ideological changes that were part of the transformation created a new landscape of work and social relations for corporate middle managers. This title was originally published in 1990. In the 1980s, corporate America experienced massive cutbacks and organizational decline after decades of economic growth and dominance. Vicki Smith's work suggests that quick-fix strategies such as downsizing and cutbacks, which dominated corporate profitability strategies in the 1980s, can corrode trust and legitimacy in the workplace. This title is part of UC Press's Voices Revived program, which commemorates University of California Press’s mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Richly documented and accessibly written, this incisive work will appeal to business people and scholars alike. Managing in the Corporate Interest contains important lessons about the rise and decline of economic enterprises and provides a wide-ranging look at changes in the management, structure, and production processes of American corporations 7c2b0ecd01

Technics and Civilization first presented its compelling history of the machine and critical study of its effects on civilization in 1934—before television, the personal computer, and the Internet even appeared on our periphery. Mumford sagely argued that it was the moral, economic, and political choices we made, not the machines that we used, that determined our then industrially driven economy. Equal parts powerful history and polemic criticism, Technics and Civilization was the first comprehensive attempt in English to portray the development of the machine age over the last thousand years—and to predict the pull the technological still holds over us today. “The questions posed in the first paragraph of Technics and Civilization still deserve our attention, nearly three quarters of a century after they were written. Drawing upon art, science, philosophy, and the history of culture, Lewis Mumford explained the origin of the machine age and traced its social results, asserting that the development of modern technology had its roots in the Middle Ages rather than the Industrial Revolution. ”—Journal of Technology and Culture 7c2b0ecd01

Ellen White's non published writings, a piece of gold that you shall have in your collection 7c2b0ecd01

YOUDUNIT. There's more to it than just a detective, a dead body, and Colonel Mustard in the drawing room with the candlestick. Fortunately, Larry Beinhart--Edgar Award-winning author of You Get What You Pay For, Foreign Exchange, and American Hero--has taken a break from writing smart, suspenseful thrillers to act as your guide through all the twists and turns of creating the twists and turns of a good mystery. Drawing on advice and examples from a host of the best names in mystery writing--from Raymond Chandler and Mickey Spillane to Scott Turow and Thomas Harris--plus some of his own prime plots, Larry Beinhart introduces you to your most indispensable partners in crime: *Character, plot, and procedure * The secrets to creating heroes, heroines, and villains (\"All writers draw upon themselves and their experience. While the whole of yourself might not be capable of being either a serial killer or an FBI agent, there are parts in each of us that are capable of almost anything. \") *And much more. From the opening hook to the final denouement, Larry Beinhart takes the mystery out of being a mystery writer. \") * The fine art of scripting the sex scene *The low-down on violence (\"A crime novel without violence is like smoking pot without inhaling, sex without orgasm, or a hug without a squeeze. So you want to write a mystery. WHODUNIT 7c2b0ecd01

Newt feels strong and confident in his new getup, so he keeps wearing it after Halloween is over. But will Captain Nobody be able to save the one person he cares about most. When Newt Newman's football-star brother, Chris, is knocked into a coma during the biggest game of the season, Newt's two best friends keep his mind off of the accident by helping him create the ultimate Halloween costume: Captain Nobody. Soon Newt assumes the role of a hero in a string of exploits that include foiling a robbery and saving a planeload of passengers 7c2b0ecd01

Black Student Politics, Higher Education and Apartheid examines two black national student political organisations - the South African National Students' Congress (SANSCO) and the South African Students' Organisation (SASO), popularly associated with Black Consciousness. Finally, it assesses their contributions to the popular struggle against apartheid education as well as against race, class and gender oppression. It also analyses their role in the educational, political and social spheres, and the factors that shaped their activities. It analyses the ideologies, politics and organisation of SASO and SANSCO and their intellectual, political and social determinants 7c2b0ecd01

This book contains new MFI performance research by top scholars from across the globe. Research on MFI performance is still in its infancy. Performance studies in microfinance are therefore less straightforward compared to performance studies in traditional banking research. MFIs are hybrid organizations with dual objectives 7c2b0ecd01

\"--Publisher's website. So too does the work of expounding the psalms recapitulate and focus the experiences of Augustine's personal life, his theological reflections and his pastoral concerns as Bishop of Hippo. In the Book of Psalms are to be found the history of the people of Israel, the theology and spirituality of the Old Covenant, and a treasury of human experience expressed in prayer and poetry. \"As the psalms are a microcosm of the Old Testament, so the Expositions of the Psalms can be seen as a microcosm of Augustinian thought 7c2b0ecd01

Magic Seeds 7c2b0ecd01

Harford ranges from Africa, Asia, Europe, and of course the United States to reveal how supermarkets, airlines, health care providers, and coffee chains--to name just a few--are vacuuming money from our wallets 7c2b0ecd01

Each chapter in this volume describes Hans Eysenck's contribution to a particular topic then what research has developed from it, what kinds of amendments, modifications or additions to his work are appropriate and, finally thoughts about the future of the field. Serves as a Festschrift for Hans J Eysenck on the occasion of his 80th birthday 7c2b0ecd01

Realistic characters and pungent wit complement Trollope's powerful insights in Victorian life. The first of the highly popular \"Palliser\" novels focuses on the matrimonial prospects of three Victorian ladies and parliamentary politics 7c2b0ecd01

Sport is a global phenomenon engaging billions of people and generating annual revenues of more than US\$ 145 billion. It consists of more than 60 contributions from leading experts in the fields of corruption and sport, from sports organisations, governments, multilateral institutions, sponsors, athletes, supporters, academia and the wider anti-corruption movement. The Global Corruption Report (GCR) on sport is the most comprehensive analysis of sports corruption to date. This GCR provides essential analysis for understanding the corruption risks in sport, focusing on sports governance, the business of sport, planning of major events, and match-fixing. Yet attempts to stop corruption in sport are still at an early stage. Problems in the governance of sports organisations, fixing of matches and staging of major sporting events have spurred action on many fronts. In addition to measuring transparency and accountability, the GCR gives priority to participation, from sponsors to athletes to supporters an essential to restoring trust in sport. It highlights the significant work that has already been

done and presents new approaches to strengthening integrity in sport 7c2b0ecd01

They range from protecting natural habitat to controlling disease in commercial bumblebee colonies. Bee Conservation is the first in a series of synopses that will cover different species groups and habitats, gradually building into a comprehensive summary of evidence on the effects of conservation interventions for all biodiversity throughout the world. The result is a thorough guide to what is known, or not known, about the effectiveness of bee conservation actions throughout the world. Evidence from all around the world is included. If there appears to be a bias towards evidence from northern European or North American temperate environments, this reflects a current bias in the published research that is available to us. This book brings together scientific evidence and experience relevant to the practical conservation of wild bees. Conservation interventions are grouped primarily according to the relevant direct threats, as defined in the International Union for the Conservation of Nature (IUCN)'s Unified Classification of Direct Threats. The authors worked with an international group of bee experts and conservationists to develop a global list of interventions that could benefit wild bees. For each intervention, the book summarises studies captured by the Conservation Evidence project, where that intervention has been tested and its effects on bees quantified. We also aim to highlight where there are gaps in knowledge. By making evidence accessible in this way, we hope to enable a change in the practice of conservation, so it can become more evidence-based 7c2b0ecd01

This international bestseller and inspiration for a beloved movie is a heroic story of friendship and belonging. Over 50 years of an iconic classic. E. " —The New York Times "Taut with tension, filled with drama. S. He knows that he can count on his brothers, Darry and Sodapop. Hinton's classic story of a boy who finds himself on the outskirts of regular society remains as powerful today as it was the day it was first published. At least he knows what to expect—until the night someone takes things too far. No one ever said life was easy. But not on much else besides trouble with the Socs, a vicious gang of rich kids whose idea of a good time is beating up on “greasers” like Ponyboy. " —Philadelphia Daily News A New York Herald Tribune Best Teenage Book A Chicago Tribune Book World Spring Book Festival Honor Book An ALA Best Book for Young Adults Winner of the Massachusetts Children's Book Award. The Outsiders is a dramatic and enduring work of fiction that laid the groundwork for the YA genre. But Ponyboy is pretty sure that he's got things figured out. " —The Chicago Tribune "[A] classic coming-of-age book. And he knows that he can count on his friends—true friends who would do anything for him, like Johnny and Two-Bit. "The Outsiders transformed young-adult fiction from a genre mostly about prom queens, football players and high school crushes to one that portrayed a darker, truer world 7c2b0ecd01

Identifies the best technologies or other means that are generally available, taking costs into consideration, for inactivating or removing microbial contaminants from surface water and groundwater supplies of drinking water. More specifically, it discusses water treatment technologies to be used by community and non-community water systems in removing turbidity, Giardia, viruses, and bacteria 7c2b0ecd01

From her mother's boundless energy to her father's low-budget horror movies, jokes and lonesome river trips down to New Orleans to get away, the events of Dillard's 1950s Pittsburgh childhood loom larger than life. An American Childhood fizzles with the playful observations and sparkling prose of this American master, illuminating the seemingly ordinary and yet always thrilling, dizzying moments of a childhood and adolescence lived fearlessly. An American Childhood is the electrifying memoir of the wide-eyed and unconventional upbringing that influenced the lifetime love of nature and the stunning writing career of Pulitzer Prize winner Annie Dillard 7c2b0ecd01

His standard text on Iron Age Communities in Britain is in its fourth edition, and he has published groundbreaking volumes of synthesis on The Ancient Celts (OUP, 1997) and on the peoples of the Atlantic coast, Facing the Ocean (OUP, 2001). Between the 1960s and 1980s he led a series of large-scale excavations at famous sites including the Roman baths at Bath, Fishbourne Roman palace, and Danebury hillfort which revolutionized our understanding of Iron Age society, and the interaction between this world of 'barbarians' and the classical civilizations of the Mediterranean. For almost forty years the study of the Iron Age in Britain has been dominated by Professor Sir Barry Cunliffe. This volume brings together papers from more than thirty of Professor Cunliffe's colleagues and students to mark his retirement from the Chair of European Archaeology at the University of Oxford, a post which he has held since 1972. The breadth of the contributions, extending over 800 years and ranging from the Atlantic fringes to the eastern Mediterranean, is testimony to Barry Cunliffe's own extraordinarily wide interests 7c2b0ecd01

Includes "The Fall of the House of Usher," "The Tell-Tale Heart," "William Wilson," "The Pit and the Pendulum," "The Cask of Amontillado," "The Gold-Bug," "The Purloined Letter," and "The Murders in the Rue Morgue. This hair-raising collection includes eight of the most ingenious and gripping tales by the great master of suspense and creator of the American Gothic horror story. " 7c2b0ecd01

The World Economic Forum is an international organization committed to improving the state of the world. This work offers an insight into how Asia is managing its own political change and national governance challenges. It is based on discussions held during the East Asia Economic Summit, which took place in Hong Kong, October 2001. The summit, an annual event of the WEF, brings together around 800 business leaders, heads of state and government ministers, commentators and experts. It provides a framework for the world's leaders to address global issues 7c2b0ecd01

Published in association with the Food and Agriculture Organization of the United Nations. Using concrete examples, Beyond Relief demonstrates how food security means different things in different contexts while also advocating a crosscutting learning process for longer-term approaches to protracted crisis. This book provides examples of opportunities to bridge the gap between emergency relief and longer term developmental approaches, which can help us rethink how to support food security in protracted crises. For the first time, evidence and in-depth analysis from these countries sheds light on how to support the livelihoods of local populations. Somalia, Sudan and the Democratic Republic of Congo have all been affected by severe protracted crises. In many countries, prolonged conflicts result in food emergencies that recur over years or even decades. Initial humanitarian relief efforts are rarely replaced by programmes that offer a longer-term perspective on food security 7c2b0ecd01

Individuals and families living in povertyÊnot only lack basic, material necessities, but they are also disproportionately afflicted by many social and economic challenges. ÊWhen combined, the scope and impact of these proposals has the potential to vastly improve the lives of the poor. The main areas of focus include promoting early childhood development, supporting disadvantaged youth, building worker skills, and improving safety net and work support. Given this growing social, economic, and political concern, The Hamilton Project at Brookings asked academic experts to develop policy proposals confronting the various challenges of AmericaÕs poorest citizens, and to introduce innovative approaches to addressing poverty. One-in-seven adults and one-in-five children in the United States live in poverty. The resulting 14 policy memos are included in The Hamilton ProjectÕs Policies to Address Poverty in America. Some of these challenges include the increased possibility of an unstable home situation, inadequate education opportunities at all levels, and a high chance of crime and victimization 7c2b0ecd01

In V. In his early forties, after a peripatetic life, he succumbs to the encouragement of his sister – and his own listlessness – and joins an underground movement in India. S. Naipaul's Magic Seeds we follow Willie Chandran, a man who has allowed one identity after another to be thrust upon him. He endures the indignities of a culture dissipated by reform and compromise until, in a moment of grotesque revelation – a tour de force of parodic savagery from our most visionary of writers – Willie comes to an understanding that might finally allow him to release his true self. When he returns to Britain where, thirty years before, his wanderings began, Willie encounters a country that has turned its back on its past and, like him, has become detached from its own history. Magic Seeds demands our attention, and nothing more authoritative will be published this year’ Philip Hensher, Daily Telegraph. But years of revolutionary campaigns and then prison convince him that the revolution ‘had nothing to do with what we were fighting for’, and he feels himself further than ever ‘from his own history’. ‘A radical further step in one of the great imaginative careers of our time 7c2b0ecd01

Reactions to Crime proceeds, chapter by chapter, from informal, personal, and individual reaction to crime to formal, social, and institutional reactions. The authors synthesise relevant research in this field over the past decade, and assess the state of knowledge as to the causes and consequences of reactions to crime, and the steps taken at an institutional and individual level to deal with fear of crime 7c2b0ecd01

This title is part of UC Press's Voices Revived program, which commemorates University of California Press’s mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. This title was originally published in 1934. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology 7c2b0ecd01

The story of West Indian immigrants to the United States is generally considered to be a great success. She finds that the values that gain first-generation immigrants initial success--a willingness to work hard, a lack of attention to racism, a desire for education, an incentive to save--are undermined by the realities of life and race relations in the United States. Mary Waters, however, tells a very different story. Contrary to long-held beliefs, Waters finds, those who resist Americanization are most likely to succeed economically, especially in the second generation 7c2b0ecd01

Offers the first comprehensive overview of research into hazards and disasters from a historical perspective. This title is also available as Open Access on Cambridge Core 7c2b0ecd01

Read David Walliams’ bestselling children’s book, Bad Dad, a fast and furious adventure for boys and girls aged 7–12. Beautifully illustrated by artistic genius Tony Ross 7c2b0ecd01

forces to Okinawa, to the desperate, suicidal resistance of the Japanese, this is the complete story of the final beachhead battle of the Pacific campaign. S. \"Okinawa: the last battle: Here the Imperial Army braced for its last stand. From the bloody victories that brought U 7c2b0ecd01

In this book, Internet security pioneer Phillip Hallam-Baker shows how we can make the Internet far friendlier for honest people—and far less friendly to criminals. The dotCrime Manifesto begins with a revealing new look at the challenge of Internet crime—and a surprising look at today’s Internet criminals. Tactics and strategy: protecting Internet infrastructure from top to bottom Building more secure transport, messaging, identities, networks, platforms, and more Gaining safety without sacrificing the Internet’s unique power and value Making the Internet safer for honest people without sacrificing ubiquity, simplicity, or privacy Spam: draining the swamp, once and for all Why spam contributes to virtually every form of Internet crime—and what we can do about it Design for deployment: how to really make it happen Defining security objectives, architecture,

strategy, and design—and evangelizing them. but it doesn’t have to be that way. Even more important, he presents a comprehensive plan for implementing accountability-driven security infrastructure: a plan that draws on tools that are already available, and rapidly emerging standards and products. Hallam-Baker introduces tactical, short-term measures for countering phishing, botnets, spam, and other forms of Internet crime. Internet crime keeps getting worse. You’ll discover why the Internet’s lack of accountability makes it so vulnerable, and how this can be fixed —technically, politically, and culturally. The result: a safer Internet that doesn’t sacrifice what people value most: power, ubiquity, simplicity, flexibility, or privacy 7c2b0ecd01
